Inspired by a rich industrial heritage

Intel Hotels Amsterdam Landmark, located in the Oostenburg district, features a striking design inspired by the area's rich industrial past. Industrial craftsmanship is reflected in the use of robust elements such as concrete, metal, and even a life-sized yellow crane house. The theme is carried through to the smallest details in the rooms, thanks to bespoke interior design.

Enjoy Intel Classics dishes and local specialties at Bar & Brasserie Werkspoor, and unwind completely in Spa Steam, featuring a swimming pool, Turkish steam bath, sauna and massage room. Moreover, all luxury room types are equipped with a bubble bath and/or sauna.

Tailor-made
