Centrally located in the heart of the Netherlands

The 11-storey Intel Hotels Utrecht Centre is directly connected to Utrecht Central Station. Its position at an inspiring hub makes it a unique location for meetings, overnight stays, conferences, and relaxation. With just a 35-minute journey from Schiphol Airport, Intel Hotels Utrecht Centre is the most accessible location by public transport.

The interior design reflects the many connections that characterise the hotel. Historical monuments, vaulted ceilings, city icons, and the geometric lines of roads, paths, and canals are all incorporated into the design. Follow the distinctive cobblestones and experience the relaxed, urban atmosphere at the U food & drinks, where great food and drink take centre stage.
